Features

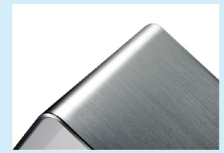

In Win 901 is built to achieve perfect balance between aesthetic design and superior functionality in a Mini ITX chassis.

The stunning minimalism exterior and innovative interior layout are engineered precisely to the most exacting performance standards.

901 accommodates 200mm power supply, and 300mm high-end graphic cards. It supports 120mm external mounted liquid cooling radiator, and CPU heatsink up to 130mm.

New Choice of Chassis Material

- One piece construction with 4mm aluminum alloy

A

- Tinted tempered glass side panel

B

Innovative and Stylish Design

- Extreme simplicity design
- Elegant back panel

C

- Stylish hairline texture surface design

D

Smart Interior Design

- Supports high-end graphic card up to 300mm

E

- Supports power supply up to 200mm

F

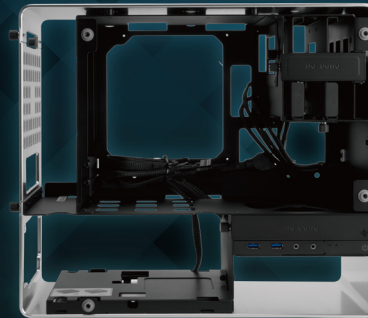

- CPU cut-off hole for easy installation

G

- Unique hidden slim ODD design

H

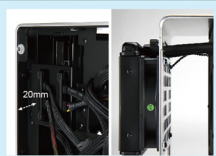

Spacious Cable Management Area

- Removable 2.5" HDD bracket

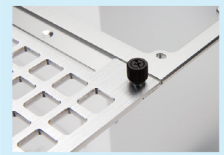

I

- 20mm side cable management area for better cable routing
- Sleek rear panel to cache cable routing

J

User Friendly

- User friendly affixed thumbscrew

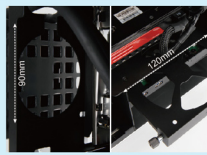

K

- Supports USB 3.0 super speed transfer interface

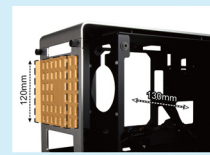

L

Excellent Thermal Solution

- Supports 120mm bottom fan x 1 and 90mm rear fan x 1

M

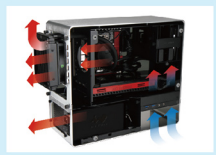

- Supports external mounted 120mm liquid cooling radiator
- Supports CPU heatsink up to 130mm

N

- Unique hidden vents and magnetic aluminum fan filter

O

- Efficient airflow design
